Hey Rosemary, we can add those three, no problem.

You had sent a markup of the comment codes, but I didn't see your comments in the file.
Maybe you attached the wrong file?

Thanks, Joe

Hi, Joe – Those look good, and the following three additional commenter types would likely be useful:
Tribes
Water Management Districts
Local Government

Rosemary and Kelly, you had previously requested that we track commenter type.

Here are commenter types that we typically use:

- Academia
- Environmental Organization
- Federal Agency
- Industry
- Industry Trade Group
- Other
- Private Citizen
- State Government
- Trade Association

Let me know if you want to modify this list.

Thanks!

Good morning Rosemary, thanks for the quick response and useful info.

I did not see any new comments in the file you attached.

Could you resend? Thanks!

Hi, Joe - Kelly is off until Monday, so I'll field this one. I responded in the attachment, including adding a few sub-codes that occurred to me. In general, I shied away from splitting things out too much – navigating overly subdivided topics seems like it could become counterproductive. Regarding your questions below:

Kelly,

We've taken a closer look at the comment codes and have some fundamental questions.

I know this covers a lot of details. Let me know if you would be easier to talk through.

Thanks, Joe

Hey Kelly, just following up on your initial code list. It sounded like this was a draft.

Have you all made any updates?

Thanks, Joe

Jan, Joe, Laura,

I've attached a rough first take on comment bins for coding. Please let me know if you need anything else at this time.
